SUBJECT:

Legislation Introduced that Would Affect  
CIARDS Mandatory Retirement

1. Attached hereto is a copy of H.R. 1710 which would remove maximum hiring ages and mandatory retirement ages for selected Federal employees not covered by the Age Discrimination in Employment Act of 1967. Section 11 of this bill refers to CIA employees:

Part D of title II of the Central Intelligence Agency Retirement Act of 1964 for Certain Employees (50 U.S.C. 403 note) is amended by striking out section 235, and by redesignating section 236 as 235.

2. If enacted this bill would eliminate the Director's authority to do the following:

SEC. 235. (a) The Director may in his discretion place in a retired status any participant who has completed at least twenty-five years of service, or who is at least fifty years of age and has completed at least twenty years of service, provided such participant has not less than ten years of service with the Agency of which at least five shall have been qualifying service. If so retired, such participant shall receive retirement benefits in accordance with the provisions of section 221.

(b) Any participant in the system receiving compensation at the rate of grade GS-18 or above shall be automatically separated from the Agency upon reaching the age of sixty-five. Any participant in the system receiving compensation at a rate less than grade GS-18 shall be automatically separated from the Agency upon reaching the

age of sixty. Such separation shall be effective on the last day of the month in which a participant reaches age sixty or sixty-five, as specified in this section, but whenever the Director shall determine it to be in the public interest, he may extend such participant's service for a period not to exceed five years. A participant separated under the provisions of this section who has completed five years of Agency service shall receive retirement benefits in accordance with the provisions of section 221 of the Act.

3. The bill, introduced by Congressman Roybal, is intended to protect employees from the potential adverse impact caused by mandatory retirement. It has been jointly referred to the Committees on Post Office and Civil Service and the District of Columbia. As of this date, the Civil Service Committee does not intend to pursue the bill. If this decision is reversed, hearings would be held and all employee groups who would be affected would be invited to testify.
